

Vanessa L White-Broome
Executive Director
Habitat For Humanity

Vanessa,

2-2-2023

As Mayor of the City of Rochelle, I have seen the success of many of the programs Habitat for Humanity has done firsthand here in Rochelle. From the much-needed assistance of home repairs to the installation of handicap ramps through the Brush with Kindness program, and everything in between. These programs have helped many keep up their home repairs, that otherwise could not be done by themselves. With our housing shortage, when you can come in, which you have done, and provide a new home for a local family, that is truly heartwarming. I fully support your efforts, and look forward to collaborating with you moving forward, any possible way.

Respectfully,

Mayor John Bearrows

Mayor Bearrows
