To Whom It May Concern,

I am writing to express my gratitude for Ogle County Habitat for Humanity. Habitat for Humanity is a crucial organization in our county to provide housing for some of the most in need residents of our communities. I have had the privilege of witnessing first-hand how resident lives have been changed through the generosity of Habitat for Humanity.

Our church has had the opportunity to partner with Habitat for Humanity on multiple occasions to improve family's homes and increase their standard of living. Habitat for Humanity has filled a void that would not have been able to be filled to meet the needs of residents throughout our community.

I look forward to partnering with Ogle County Habitat for Humanity for years to come to increase the standard of living and provide adequate housing for residents of Ogle County.

If you need any further information regarding Ogle County Habitat for Humanity please feel free to contact me a 815-837-5255 or at cbradshaw@crossroadscn.com.

Sincerely,

Chris Bradshaw
